Academic Advancement

Pailan World School moves forward in academic advancement one more time. So that students can reach their potential, the school has organised weekend classes for all the secondary school, Saturdays **and** Sundays.

In another innovation, Pailan World School has recruited the highest quality **visiting faculty** for the weekend classes. These teachers have been engaged from the best schools in Kolkata and are highly qualified in their fields.

The students are highly enthusiastic about the innovation. "We already have fantastic teachers for our week day classes," reported Aniket Dey, one of the school boarders. "Now that we have expert visiting faculty attending to our needs in the weekends, we have every opportunity to shine!"

Principal Ken Jarman reports that this innovation is already paying off. "The lift in student enthusiasm is amazing," he claims. "With examinations looming next week, the students' responses have gone far beyond our greatest expectations. I know that we can look forward to much brighter student

results in these exams, and in the terms ahead."

There is another aspect to the school's aspirations. As a residential school, Pailan World School has accepted students from all parts of India, some flourishing in their studies but many who have not had the advantage of a good school to move them ahead.

Pailan World School has made a commitment to these students who are behind in their studies, so that they can lift at least one notch in their grades. These weekend

Swine Flu Precautions

Pailan World School is showing the way in precautions against Swine Flu. Every one of the school's students, Junior School and Senior School, are being given a full course of the preventive homeopathic medication "Influminum 200" with the full cost being borne by the school.

Additionally, the school has advised all fami-

lies of their responsibilities in guarding their wards against the disease. Washing hands regularly, drinking plenty of water, covering up coughs and sneezes and avoiding crowded places are some of the steps we recommend

Special points of interest:

- The school now has a full time music teacher giving guitar and violin lessons in school time.
- The Pooja vacation commences on Friday 18th September and school resumes on Monday, 5th October.
- The school will offer its Horse riding courses to children from all schools in the near future.
